

My name is Brent Miller. Currently, I am a missionary with Youth With A Mission (YWAM) here in Chiriqui, Panama. YWAM is a global movement of Christians from many cultures of varying age groups and Christian traditions, dedicated to serving Jesus Christ throughout the world as we unite to know Him and make Him known.

We have many different types of ministry here at our Chiriqui YWAM base including: Evangelism, Bible Distribution, Communities of Hope, Homes of Hope, Rovira Kids Club, Indigenous Youth Home, Tribal Ministries, Community Development, Vocational Training, Church Planting, Orphanage and Nursing Home Ministry, Medical Outreaches, Discipleship and Mission Training Schools.

As for me, my current ministry focus at our base is our Discipleship and Mission Training School as well as Medical Outreaches. Each of these ministries has a special place in my heart, but as a registered nurse, the ministry I continue to be most passionate about is the Medical Outreaches.

Every few months, we have medical outreaches in various communities in Panama. These are locations where access to medical care is limited or where residents cannot afford medical care. We see anywhere from 500 to 1000 patients over the course of 5 or 6 days. I love to show the love of Jesus by providing medical care and praying for every person who comes to our medical clinics.

Over the past year, I have had the privilege of leading our Discipleship Training Schools. This school is divided in two parts. The first part is a 3 month lecture phase where students continue to grow in their walks with the Lord while learning how to share their faith. The last two months are an outreach phase where students apply what was learned in the classroom to “make God known” in the world around them. In last two outreaches, the Lord directed us to the countries of Bolivia and Chile and then several months later to El Salvador, Honduras, Nicaragua and Guatemala. As a leader, I had the opportunity to preach and teach in churches as well as evangelize in parks, streets and neighborhoods. I also had the opportunity to translate for my English-speaking students in order for them to be able share their faith with others. The Lord used our team to minister, strengthen and spiritually refresh many believers who are in these countries doing long-term work for His kingdom. Much fruit was seen during this time; around 700 people made Jesus Lord over their lives as well as many were physically healed by prayer and in the power and authority given through the name of our Great Healer, the Lord Jesus Christ!

I love being a missionary and getting to be apart of the amazing things the Lord is doing here in Panama, but to continue where the Lord has me currently, I need your help.

Every Missionary with YWAM has the responsibility of raising his/her own financial support. Would you prayerfully consider partnering with me in advancing God's kingdom here in Central America? Whether financially or prayerfully, I would be grateful for the honor and privilege to continue the work God has allowed me to be apart of so far. Thank you.
