

It is estimated that of the 7.6 billion people in the world, over 2 billion do not have access to the eyeglasses they need to correct their vision. Imagine never seeing the stars at night, the leaves in a forest, or even the faces of those you love.

In 2007, God directed Dr. Bryan Kaiser of Peachtree City, GA, to 'make eyeglasses for the world's poorest people', and God's Eyes International was born.

Since then, God's Eyes International has traveled to over two dozen countries performing free eye examinations and dispensing over 100,000 pairs of eyeglasses to some of the world's poorest people. All this at no charge, sharing the gift of sight and the Gospel of Jesus Christ, bringing vision to the world.

Here in Panama, God's Eyes Chiriqui has the same mission - to give the gift of sight and share the Gospel with those who could never afford traditional eye care.

Since beginning in February of 2017, God's Eyes Chiriqui has held over 40 clinics, ministering to over 2800 people and dispensing over 4400 pairs of eyeglasses. From the highlands to the coastal plains, God's Eyes teams share the gift of sight and the love of Jesus in Chiriqui.

Who is God's Eyes? God's Eyes is you, our volunteers and supporters! Nearly 100 people just like you have worked tirelessly, sharing their time, talents and treasure as we serve the Kingdom of God together, bringing vision to Chiriqui.
