

I am Bob Wilson, and I am a full time appointed missionary from my organization, Hurting World Ministries. We are serving the Ngobe Bugle in Canas Verdes which is an area in the mountains above Boquete. In the past 6 years we have built a church, feeding center and private Christian school, and we are currently building two new living quarters for teachers in an effort to expand our school.

We are not just a hands on construction ministry. We have many spiritual goals that we are accomplishing through this process. We've been able to build relationships and establish trust with our Ngobe church members and our students. Then, with the leading of the Holy Spirit, we are able to skillfully lead them to the saving knowledge to Jesus Christ. Most of the indigenous people are not trusting at first, so establishing trust and relationships are vital.

The school is in it's third year and it is very important part of our ministry. Many of our students we're walking miles – hours – each and every day to and from the public school. We have built in a location that is much more accessible to those that live so far up in the mountains away from any modern civilization. Now, most of our students do not have to travel very far to attend school and church, which in turn increases our attendance. It is also important to us that we are able to introduce our students to an atmosphere of Christian education – this is something completely foreign to the majority of surrounding schools and students.

In total we have reached over 75 families in our area, but there are still numerous families that we know of that we have yet to reach. Our prayer and desire is that we are able to reach all of these families in the area and truly build a Christian community with disciples making disciples. The church will be celebrating it's 6th anniversary this year.

We have many needs. Currently our construction projects have slowed due to a lack of funding. In addition, we run a feeding program for 33 children twice a bay Monday thru Friday. We provide a nutritious breakfast and lunch – for many of these children, this is the only chance they have to eat, and this takes up a good part of our support every week.

We would love to have you come alongside us and partner with us in this ministry. We are partnering with BBFs Men's Ministry from time to time and can always use both skilled and unskilled laborers. Would you consider getting to know our ministry and partnering with us as we carry out the Great Commission?
